Priority Tasks

○ GRE Test Results   ⌃

The degree program(s) that you applied to requires the submission of a Graduate Records Examination (GRE) exam, taken within the past five years. GRE scores must be sent directly to ASU by Education Testing Services (ETS). Specify that the scores should be sent to Arizona State University (Institution Code 4007, Department Code of 0000) when contacting ETS. If you have applied to multiple degree programs that all require a GRE score, only one score report needs to be submitted to ASU.

If you have already submitted this document, it may take up to 7 business days from receipt to process and update your My ASU priority tasks.

Applicants must submit:

1. graduate admission application and application fee
2. official transcripts
3. GRE scores*
4. statement of purpose or a curriculum vitae
5. proof of English proficiency

*GRE scores are optional but strongly recommended for Tempe campus applicants.
